AWARD DESCRIPTIONS AND NOMINATION CRITERIA

William Fields Caveness Award: Presented to an individual who, through research on both a national and international level, has made outstanding contributions to bettering the lives of people who have sustained a brain injury.

Nomination Criteria to be addressed in 1,000 words (or less) narrative:

- In what kind of research has the nominee been engaged? Detail both national and international research endeavors.
- How has this person's research impacted the field, the lives of persons with brain injuries and their families?
- Comment on the breadth and depth of research dissemination efforts.

Sheldon Berrol, MD Clinical Service Award: Presented to an individual who, through a long clinical service career, has made outstanding contributions to improving quality of care, professional training and/or education in the field of brain injury.

Nomination Criteria to be addressed in 1,000 words (or less) narrative:

- Describe this individual's area of clinical service.
- How has this service contributed to improving the quality of care, professional training and/or education for people who have sustained brain injuries?
- Has the work of this individual been disseminated to the public? If yes, please describe the manner in which this has been done.

PLEASE NOTE:

***All* nominations must be received by 5 p.m. ET on Wednesday, July 18, 2012.**
