Maine Acquired Brain Injury Advisory Council (ABIAC) will hold two public forums to receive information from persons living with brain injuries, their families, rehabilitation experts, providers of services, and the public in an effort to generate greater understanding of this growing public health issue. The ABIAC is seeking responses to the Council’s published priorities, the rights of recipients receiving brain injury services, the Brain Injury Waiver, and the unmet needs of persons living with brain injuries and their families.

Two public forums will be held:

For individuals registered for the 11th Annual Conference:

*Defining Moments in Brain Injury*

**Wednesday, October 14**
