2022 MEMBERSHIP APPLICATION

Brain injury is not an event or an outcome. It is the start of a misdiagnosed misunderstood, underfunded neurological disease. People who sustain brain injuries must have timely access to expert trauma care, specialized rehabilitation, lifelong disease management, and individualized services and support in order to live healthy, independent, and satisfying lives. You can help us continue to provide support to those in Hawaii with traumatic brain injury, their families and their caregivers by being a member of Brain Injury Association of Hawaii (BIAH) and making a donation.

In addition, your membership entitles you to our periodic newsletters, podcasts, virtual seminars and other events.
